Dear [REDACTED]

The Subcommittee staffs have had a number of publications and studies identified to them by CIA and other intelligence community personnel which directly relate to their current efforts.

It would be appreciated if you would furnish the staff with the following studies:

- CIA Center for the Study of Intelligence monograph on "National Estimates: An Assessment of the Product and the Process"
- [REDACTED] Interagency Study on Monitoring SALT II
- National Tasking Plan for the Exploitation of Multi-Sensor Imagery
- National Sigint Requirements List
- SNIE 76-01-76 Prospects for and Implications of Conflict in the Horn of Africa over the next year.

Your cooperation is appreciated.

Sincerely,
